 School of Environmental Sciences | University of East Anglia | Norwich | United Kingdom | NR47TJ

My interests include exoplanet atmospheric dynamics, as well as mesoscale meteorology and cyclone dynamics in high latitudes. Most of my current research focuses on the atmospheric modelling of extrasolar planets. I hope to contribute to our understanding of the climate regimes on different planets and their potential for habitability.

PROFESSIONAL EXPERIENCE

2018–2021 **Postdoctoral Research Fellow** | Climate modelling of rocky exoplanets | *University of Exeter*
 Exeter, United Kingdom

EDUCATION

2014–2018 **PhD in Meteorology** | *University of East Anglia* | Norwich, United Kingdom
 Supervisors: Prof. Ian A. Renfrew • Prof. Thomas Spengler • Prof. Stephen Dorling
 Thesis title: **Characteristics of polar lows in the Nordic Seas and the impact of orography and sea ice on their development**

- Analysis of high-resolution model simulations
- Model skill verification against aircraft and satellite observations
- Sensitivity to orography and sea ice distribution
- Statistical analysis of cyclone climatology

2009–2014 **Specialist Diploma in Meteorology** | With Honours | *Lomonosov Moscow State University* | Moscow, Russia
 Supervisor: Dr. Victor Stepanenko
 Thesis title: **Idealised numerical modelling of polar mesocyclone dynamics**

- Idealised baroclinic channel simulations
- Testing different parameterizations and experiment set-ups
- Energy and vorticity budgets

INTERNSHIPS

Oct 2013 **Visiting student** | Geophysical Institute | *University of Bergen* | Bergen, Norway
 Supervisor: Prof. Thomas Spengler

Jul 2012 **Intern** | Laboratory of Climate Theory | *A.M. Obukhov Institute of Atmospheric Physics* | Moscow, Russia
 Supervisor: Dr. Alexey Eliseev

CONFERENCES

Oral presentations

- Jun 2018 **Modification of Polar Low Development by Sea Ice and Svalbard Orography** | POLAR2018 | Davos, Switzerland
- Oct 2017 **The influence of Svalbard orography and sea ice on polar low development** | 18th Cyclone Workshop | Sainte-Adèle, Canada
- Apr 2017 **Polar lows and how background environment can influence their development** | Cambridge Earth Systems Science EnvEast Doctoral Alliance Symposium | Cambridge, UK
- Apr 2016 **Structure of the shear-line polar low south of Svalbard** | 13th European Polar Lows Working Group (EPLWG) Workshop | Paris, France
- May 2016 **Structure of the shear-line polar low south of Svalbard** | NORPAN kick-off meeting | Tokyo, Japan

Poster presentations

- Jul 2015 **Structure and dynamics of a shear-line polar low during a cold-air outbreak over the Norwegian Sea** | Royal Meteorological Society Student Conference | Birmingham, UK
- Mar 2015 **Structure and dynamics of a shear-line polar low during a cold-air outbreak over the Norwegian Sea** | Dynamics of Atmosphere-Ice-Ocean Interactions in the High Latitudes workshop | Rosendal, Norway
- May 2014 **Numerical modelling of polar mesocyclones dynamics diagnosed by the energy budget** | European Geosciences Union (EGU) General Assembly | Vienna, Austria
- Apr 2013 **Impact of subgrid-scale vegetation heterogeneity on results of climate model simulation of carbon cycle** | European Geosciences Union (EGU) General Assembly | Vienna, Austria
- Apr 2013 **Numerical modelling of polar mesocyclones generation mechanisms** | European Geosciences Union (EGU) General Assembly | Vienna, Austria

AWARDS AND SCHOLARSHIPS

- 2017 **Best Presentation Award** | Cambridge Earth Systems Science EnvEast Doctoral Alliance (CEEDA) Symposium
- 2016 **Travel Bursary** | WWRP/WCRP/Bolin Center Polar Prediction School
- 2015 **Travel Award** | Dynamics of Atmosphere-Ice-Ocean Interactions in the High Latitudes workshop
- 2014–2018 **Lord Zuckerman scholarship** | School of Environmental Sciences, University of East Anglia
- 2014 **Young Scientist's Travel Award (YSTA)** | European Geosciences Union (EGU) General Assembly
- 2014 **Russian Academy of Sciences Young Scientist Medal**
- 2009 **3rd place in the All-Russian Geography Olympiad**
- 2009 **1st place in the Lomonosov Geography Olympiad**

COMPUTER SKILLS

Operating systems: Linux • Unix • Windows

Computer Languages: Python • Fortran

Data visualisation: Python • MATLAB • NCL • Paraview

Parallel programming: MPI • OpenMP

Version control systems: Git • Subversion

Document preparation: LaTeX • Markdown

LANGUAGES

Russian: Native speaker

English: Fluent

French: Basic

VOCATIONAL TRAINING

- Apr 2018 **Fortran Modernisation Workshop**
- Apr 2016 **WWRP/WCRP/Bolin Center Polar Prediction School**
- Dec 2014 **UK Met Office Unified Model Training**

Sep–Dec 2011 Global Climate Change course

EnvEast Doctoral Training Partnership (DTP)

Jun 2017 Weather presenting course

Jan 2017 Raspberry Pi course

Safety training

Feb 2017 Level 1 First Aid for Field Work course

Dec 2017 Sea Survival course

Jan 2018 Helicopter Underwater Escape Training Course (CA-EBS)

FIELDWORK EXPERIENCE

Feb–Mar 2018 **The Iceland–Greenland Seas Project (IGP) field campaign** | Characterising the atmospheric forcing and the ocean response of coupled atmosphere–ocean processes; in particular cold-air outbreaks in the vicinity of the marginal ice zone and their triggering of oceanic heat loss and the generation of dense water masses | Akureyri, Iceland

Aug 2012 **Field practice in meteorology** | Study of prevailing mesoscale processes via wind characteristic measurements and lake hydrothermodynamical modelling | Kronotsky National Reservation, Kamchatka pen., Russia

Jan–Feb 2012 **Field practice in meteorology** | Measurements of the convective boundary layer over the polynya | White Sea Biological Station, Karel Republic, Russia

Jun–Jul 2011 **Field practice in meteorology** | Basic field techniques in atmospheric sciences (atmosphere vertical structure, turbulence and radiative measurements) | Khibiny mountains, Murmansk region, Russia

TEACHING EXPERIENCE

Jan 2018 **Training course “Introduction to Python in Environmental Sciences”** | Course leader | University of East Anglia | Norwich, UK

2015–2017 **Teaching assistance** | Modelling Environmental Processes, Meteorology, Numerical Skills for Scientists, Physical and Chemical Processes in Earth's System | University of East Anglia | Norwich, UK

Apr 2017 **Field course teaching assistance** | University of East Anglia | Slapton, UK

Nov 2016 **Python training course** | Course leader | University of East Anglia | Norwich, UK

MEMBERSHIP IN PROFESSIONAL ASSOCIATIONS

2014–Present **Royal Meteorological Society (RMetS)**

EDITORIAL SERVICE

Acted as

reviewer for Quarterly Journal of the Royal Meteorological Society (x3)

OUTREACH

2015–Present **Contributor to SciSnack blogging platform**

- Polar Lows: What Fuels Arctic Hurricanes?
- Disastrous Disaster Movies
- Worldwide Weird Weather Words

VOCATIONAL EXPERIENCE

Apr–Jun 2018 **Data technician** | Processing of meteorological data collected in the IGP field campaign | University of East Anglia

2015–Present **Python group leader** | Founder and leader of the Python programming language users group | University of East Anglia

Mar 2015 **Rapporteur** | Dynamics of Atmosphere–Ice–Ocean Interactions in the High-Latitudes workshop | Rosendal, Norway

Aug–Sep 2013 **Weather Forecaster** | Forecast and Briefing Service | Main Aviation Meteorological Centre, Vnukovo Airport
