✉ [d.sergeev@uea.ac.uk](mailto:d.sergeev@uea.ac.uk) 🌐 [dennissergeev.github.io](https://github.com/dennissergeev) 📄 [dennissergeev](https://dennissergeev.github.io) 🐦 [meteodenny](https://twitter.com/meteodenny)  
 School of Environmental Sciences | University of East Anglia | Norwich | United Kingdom | NR47TJ

My interests include atmospheric dynamics and energetics, boundary-layer processes, as well as extraterrestrial meteorology. Most of my current research focuses on mesoscale meteorology and cyclone dynamics in polar regions. I hope to contribute to our understanding of the geophysical instabilities driving the weather on Earth and other planets.

## PROFESSIONAL EXPERIENCE

2018–2021 **Postdoctoral Research Fellow** | Climate modelling of rocky exoplanets | *University of Exeter*  
 Exeter, United Kingdom

## EDUCATION

2014–2018 **PhD in Meteorology** | *University of East Anglia* | Norwich, United Kingdom  
 Supervisors: Prof. Ian A. Renfrew • Prof. Thomas Spengler • Prof. Stephen Dorling  
 Thesis title: **Characteristics of polar lows in the Nordic Seas and the impact of orography and sea ice on their development**

- Analysis of high-resolution model simulations
- Model skill verification against aircraft and satellite observations
- Sensitivity to orography and sea ice distribution
- Statistical analysis of cyclone climatology

2009–2014 **Specialist Diploma in Meteorology** | With Honours | *Lomonosov Moscow State University* | Moscow, Russia  
 Supervisor: Dr. Victor Stepanenko  
 Thesis title: **Idealised numerical modelling of polar mesocyclone dynamics**

- Idealised baroclinic channel simulations
- Testing different parameterizations and experiment set-ups
- Energy and vorticity budgets

## INTERNSHIPS

Oct 2013 **Visiting student** | Geophysical Institute | *University of Bergen* | Bergen, Norway  
 Supervisor: Prof. Thomas Spengler

Jul 2012 **Intern** | Laboratory of Climate Theory | *A.M. Obukhov Institute of Atmospheric Physics* | Moscow, Russia  
 Supervisor: Dr. Alexey Eliseev

## PUBLICATIONS

### Peer-reviewed

Parameterization of mesoscale sensible heat and methane fluxes in the region of Western Siberia. *International Conference and Early Career Scientists School on Environmental Observations, modelling and Information Systems (ENVIROMIS-2012)*, Selected papers: 67–69

## CONFERENCES

### Oral presentations

- Jun 2018 **Modification of Polar Low Development by Sea Ice and Svalbard Orography** | POLAR2018 | Davos, Switzerland
- Oct 2017 **The influence of Svalbard orography and sea ice on polar low development** | 18th Cyclone Workshop | Sainte-Adèle, Canada
- Apr 2017 **Polar lows and how background environment can influence their development** | Cambridge Earth Systems Science EnvEast Doctoral Alliance Symposium | Cambridge, UK
- Apr 2016 **Structure of the shear-line polar low south of Svalbard** | 13th European Polar Lows Working Group (EPLWG) Workshop | Paris, France
- May 2016 **Structure of the shear-line polar low south of Svalbard** | NORPAN kick-off meeting | Tokyo, Japan

### Poster presentations

- Jul 2015 **Structure and dynamics of a shear-line polar low during a cold-air outbreak over the Norwegian Sea** | Royal Meteorological Society Student Conference | Birmingham, UK
- Mar 2015 **Structure and dynamics of a shear-line polar low during a cold-air outbreak over the Norwegian Sea** | Dynamics of Atmosphere-Ice-Ocean Interactions in the High Latitudes workshop | Rosendal, Norway
- May 2014 **Numerical modelling of polar mesocyclones dynamics diagnosed by the energy budget** | European Geosciences Union (EGU) General Assembly | Vienna, Austria
- Apr 2013 **Impact of subgrid-scale vegetation heterogeneity on results of climate model simulation of carbon cycle** | European Geosciences Union (EGU) General Assembly | Vienna, Austria
- Apr 2013 **Numerical modelling of polar mesocyclones generation mechanisms** | European Geosciences Union (EGU) General Assembly | Vienna, Austria

## AWARDS AND SCHOLARSHIPS

- 2017 **Best Presentation Award** | Cambridge Earth Systems Science EnvEast Doctoral Alliance (CEEDA) Symposium
- 2016 **Travel Bursary** | WWRP/WCRP/Bolin Center Polar Prediction School
- 2015 **Travel Award** | Dynamics of Atmosphere-Ice-Ocean Interactions in the High Latitudes workshop
- 2014–2018 **Lord Zuckerman scholarship** | School of Environmental Sciences, University of East Anglia
- 2014 **Young Scientist's Travel Award (YSTA)** | European Geosciences Union (EGU) General Assembly
- 2014 **Russian Academy of Sciences Young Scientist Medal**
- 2009 **3rd place in the All-Russian Geography Olympiad**
- 2009 **1st place in the Lomonosov Geography Olympiad**

## COMPUTER SKILLS

**Operating systems:** Linux • Unix • Windows

**Computer Languages:** Python • Fortran

**Data visualisation:** Python • MATLAB • NCL • Paraview

**Parallel programming:** MPI • OpenMP

**Version control systems:** Git • Subversion

**Document preparation:** LaTeX • Markdown

## LANGUAGES

**Russian:** Native speaker

**English:** Fluent

**French:** Basic

## VOCATIONAL TRAINING

- Apr 2018 **Fortran Modernisation Workshop**
- Apr 2016 **WWRP/WCRP/Bolin Center Polar Prediction School**
- Dec 2014 **UK Met Office Unified Model Training**

Sep–Dec 2011 Global Climate Change course

## EnvEast Doctoral Training Partnership (DTP)

Jun 2017 Weather presenting course

Jan 2017 Raspberry Pi course

## Safety training

Feb 2017 Level 1 First Aid for Field Work course

Dec 2017 Sea Survival course

Jan 2018 Helicopter Underwater Escape Training Course (CA-EBS)

## FIELDWORK EXPERIENCE

Feb–Mar 2018 **The Iceland–Greenland Seas Project (IGP) field campaign** | Characterising the atmospheric forcing and the ocean response of coupled atmosphere–ocean processes; in particular cold–air outbreaks in the vicinity of the marginal ice zone and their triggering of oceanic heat loss and the generation of dense water masses | Akureyri, Iceland

Aug 2012 **Field practice in meteorology** | Study of prevailing mesoscale processes via wind characteristic measurements and lake hydrothermodynamical modelling | Kronotsky National Reservation, Kamchatka pen., Russia

Jan–Feb 2012 **Field practice in meteorology** | Measurements of the convective boundary layer over the polynya | White Sea Biological Station, Karel Republic, Russia

Jun–Jul 2011 **Field practice in meteorology** | Basic field techniques in atmospheric sciences (atmosphere vertical structure, turbulence and radiative measurements) | Khibiny mountains, Murmansk region, Russia

## TEACHING EXPERIENCE

Jan 2018 **Training course “Introduction to Python in Environmental Sciences”** | Course leader | University of East Anglia | Norwich, UK

2015–2017 **Teaching assistance** | Modelling Environmental Processes, Meteorology, Numerical Skills for Scientists, Physical and Chemical Processes in Earth’s System | University of East Anglia | Norwich, UK

Apr 2017 **Field course teaching assistance** | University of East Anglia | Slapton, UK

Nov 2016 **Python training course** | Course leader | University of East Anglia | Norwich, UK

## MEMBERSHIP IN PROFESSIONAL ASSOCIATIONS

2014–Present **Royal Meteorological Society (RMetS)**

## EDITORIAL SERVICE

Acted as

reviewer for Quarterly Journal of the Royal Meteorological Society (x3)

## OUTREACH

2015–Present **Contributor to SciSnack blogging platform**

- Polar Lows: What Fuels Arctic Hurricanes?
- Disastrous Disaster Movies
- Worldwide Weird Weather Words

## VOCATIONAL EXPERIENCE

Apr–Jun 2018 **Data technician** | Processing of meteorological data collected in the IGP field campaign | University of East Anglia

2015–Present **Python group leader** | Founder and leader of the Python programming language users group | University of East Anglia

Mar 2015 **Rapporteur** | Dynamics of Atmosphere–Ice–Ocean Interactions in the High–Latitudes workshop | Rosendal, Norway

Aug–Sep 2013 **Weather Forecaster** | Forecast and Briefing Service | Main Aviation Meteorological Centre, Vnukovo Airport
